The gloss stocks are acid-free and the basestock meets the specification for permanence.

The trim sizes noted are the maximum allowable for the specified roll or sheet for non-bleed books, Smyth-sewn or fiberbound.

** Once these items are depleted from inventory, they will no longer be offered in our program. They must be quoted as "Subject to Availability".

Chain-of-custody processing is available upon request using paper certified by FSC® (Forest Stewardship Council) and SFI® (Sustainable Forest Initiative). Check with your Customer Service Representative for more information.
